"The Clever Way to Problem Solve!"

Come join us for two days of Competition Obedience Problem solving! Ann will focus on the Clever ways she fixes common problems found in the obedience ring that keep your team from achieving your goals. Ann will cover what causes these problems, and how to fix them using food, toys, attention games and behavior modification to show the dog the performance we are looking for. You will use these problem-solving skills to build your dog's confidence and ultimately improve team performance in the ring.
